Continuing, Mr. Harris, said the \$4,000,000 of work to be done in the Governor signed the bill. next two years under the general appropriation and loan bills made necessary a competent assistant for all such work has to be done with the approval of the Department. He read the organic act as to the duties of the superintendent and said such work made necessary competent assistance to be well done.

SHOULD CUT OUT OFFICIALS.

Kumalae, Kaniho and Pulaa made characteristic speeches in opposition, Gandall closing the discussion by saying that he would suggest that the arguments would indicate that the members would like to see all officers wiped out except the Governor and let him run the government.

A motion that the committee rise was lost as was one that the consideration be deferred. The item was then stricken out by 16 ayes to 7 noes. The committee rose and reported progress and the House immediately took a

ONE CLERK IS DROPPED.

Beginning with the chief clerk of the Public Works department, Kaniho moved to cut the salary from \$1,350 to \$1,200. Kaniho argued that the head of the office had been cut and the clerks should have similar treat-Harris argued that true economy would be to provide good salaries for the better men and cut out superfluous clerks. The item passed as in For the assistant clerk Kaniho wanted only \$1,000 instead of \$1 .-The third clerk was made inspector of weights and measures and grapher being cut to \$600. One messenger was cut out, the other items passing until it came to draughtsmen and others, when Kaniho moved to cut it to \$1,250 instead of \$1,500, ailing to accomplish his purpose. All the items for assistant superintendent clerks, \$1,650, were cut out. The Building Inspector was cut out.

NO PURCHASING AGENT. ing agent, \$1,050, and explained, that the department thought the action advisable. There was a question, it being new legislation, but Vida stuck to the point saying he knew that buggies had been purchased for \$350 when he could buy the same at \$300. Kaniho opposed the plan as he feared such an agent would soon be as bad as those of whom Vida told. Gandall was not quite sure about the matter himself and Vida seeing that there was a

long fight withdrew the item. When the item Pay rolls, roads and oridges, Honolulu, \$10,936.50 was reached Kaniho asked for a special committee which was refused and the tem passed as in the bill by 12 to 10. Harris proposed a new Item, bookkeeper, road supervisor, \$900, saying there now was such an employee, paid out of the general appropriation for roads and bridges. This seemingly innocent little item caused a long debate, some members urging that if the specific salary was passed the amount should be taken away from the general item just passed, for fear there would be an excess of appropriation. Harris explained that it was his intention to ask reconsideration of the road and bridges item. This was done and Harris moved its passage at \$10,-036.50. Kupihea moved reference to a special committee so that wages might e specified. The item passed at the reduced rate and then the item for bookkeeper road supervisor, at \$900, as inserted.

Haia wanted a special item for Haa roads and bridges put into the bill but withdrew it. SPECIAL COMMITTEE TALK

The reading of the garbage service tem brought out Kupihea with a mono expense be incurred, he was not so eager and the motion failed, the

From this point rapid progress was rates of pay which carried, Aylett, Gandall and Lewis being on the committee. Pali wanted a committee on Light House keepers pay but he could not get &, and things progressed until the gunpowder and kerosene oil keeper was reached when there was a discussion which resulted in a cut from \$900 to \$750. The pay of the assistant market keeper at Honolulu was raised to \$300. There was a fight over the JOHN OUDERKIRK Hilo market keeper whose pay likewise was increased to \$300.

WATER WORKS SALARIES. The Water Works Superintendent's salary passed at \$1,500 but an attempt was made to increase the pay of the

clerk to \$1,200 which failed. When the item, pay of engineers, \$2,250 was reached, 'Vida suggested that there be specified three engineers and the amount made \$2,700, thus giving each engineer \$150 a month. This passed as amended. Vida moved new item of Assistant superintendent \$1,200, saying that the official now draws his pay from the general expenses. Then the discussion raged. Aylett supported the item, Lewis objected until some one called him a 'Hilo Kicker," Fernandez told of a roken pipe in front of his house at midnight last night, and then some one asked what he was doing up at

IN THE SENATE.

At the opening of the Senate a communication from the House of Representatives told of concurrence in the conference report on the House expense bill. Notification was also received from Secretary Carter that the

THE BAND ESTABLISHED.

Senator Isenberg presented the following report of the special committee on the band incidentals item: "Military-These items we believe

to be necessary and recommend that they pass as in the bill.

"Band-We believe that the band should be provided for properly and should be a Territorial band for the following reasons:

"The members of the band having enlisted in the militia is called up. on by the President of the United States or the Governor of the Territory of Hawaii to perform any duties under the militia law, will be under the direct control of the Governor as commander in chief or such officer as may be indicated by the President of the United States to have charge of such militia; and if the band were a county band under the supervision of county officials there would be a dual authority and perhaps a conflict of orders or instructions. The band receives nothing in the way of remuneration by belonging to the militia except during five days in the year if called upon to participate in an encampment, when they would receive musicians' pay during those five days.

"If the band were ordered to be at inspection, parade, muster or encampment for any term less than five consecutive days its members would receive no remuneration from the United States Government.

"The advice of all representatives of commercial bodies to our citizens. our Chamber of Commerce and Merchants' Exchange, is to make our Islands and cities as attractive as possible to tourists and investors and the comment is always made that the band provides practically the only pleasure and diversion to what would otherwise be a rather monotonous time after the first two or perhaps three anyone stopping to think over the matter of how best to advertise, that the band is one of our best assets for that

"Your committee would therefore recommend that the items in the bill together with an item of \$8,000 for the traveling expenses of the band to the other islands pass." The report was adopted, thus in-

corporating the items in question in the bill. The eighteen months' appropriation bill was resumed on second reading.

ST. LOUIS EXPOSITION. Senator Dickey moved to insert \$30,-000 for the St. Louis Exposition, conditioned that "only such of the same be used as amounts to the unexpended balance of the appropriation for this purpose for the period ending Jan-

uary 1, 1904." Senator Achi feared the condition vould involve changing the title of the bill. He thought they might trust the Government officers to do the right

"I will trust them to expend \$60,-000 if it is appropriated," was Mr. Dickey's comment. Senator C. Brown gave the opinion

that the title would not be affected. The item was inserted as moved. In the declaratory sections of the bill the amendments proposed by the Judiciary committee were adopted, STRONG SAFEGUARD.

Senator C. Brown moved to insert Legislature, and put an end to the the provisions of this section. bickering over unfinished contracts and unpaid bills in the Legislature.

THIRD READING FRIDAY.

The bill passed second reading, to be read a third time on Friday. Senator Achl moved the bill printed. Senator McCandless did not see the use. Senator C. Brown said it would cost but \$20 for 100 copies, which would be sufficient to supply the House of Representatives with copies The motion carried.

At 10:35 the Senate adjourned until Friday morning.

### UNDER ARREST

Mounted Patrolman McCormick was arrested yesterday afternoon and locked up on a charge of drunkenness. Mc-Cormick, who is one of the oldest men on the force, failed to report over the Gamewell system when he should have done so. Deputy Sheriff Chillingworth started to investigate, and found the policeman coming out of a King street saloon. Chillingworth says he was so much under the influence of liquor that he couldn't get on his horse and he was taken to the station and put in a cell. A charge of drunkenness was placed against the officer, though he insisted that he hadn't taken a drop of liquor all day, and also that he hadn't seen the inside of a saloon. The regulations prohibit the officers from going in a saloon while on duty.
